The room opens and you can click on the key and note for lore of the story. Click the arrow on the wall and go to the second room.

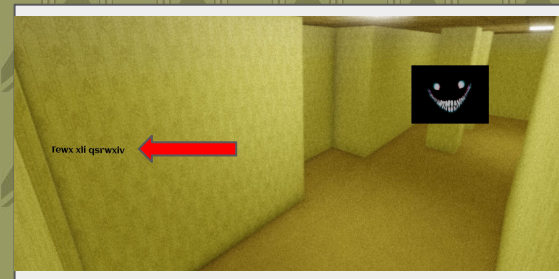

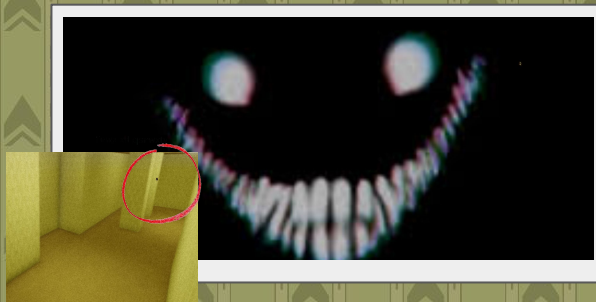

The cipher is solved by looking at the middle letters in the circle and changing them to the corresponding top letters. The answer will be "PAST THE MONSTER"

Click on the numbers and keep any more numbers you see in mind, and then the door

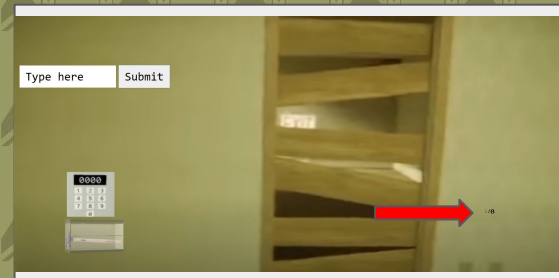

Level 0 the Lobby - Emily

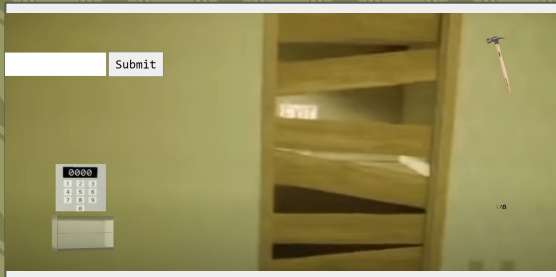

Get jumpscared, see the number 8

After the door you click on the cipher on the wall to open the modal

After the scare you get sent to the final part. See the faded numbers on the wall, try the numbers as the code. But they will be not in order, The answer will be "387"

The code will open and the hammer will play a sound of breaking wood.

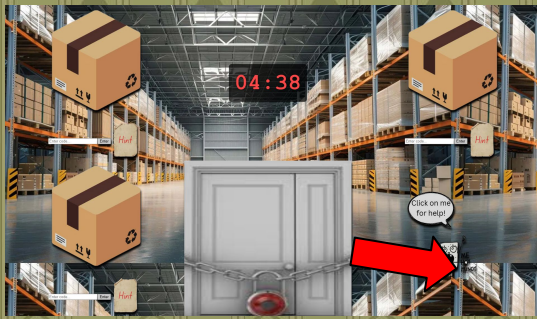

The page will open to the exit, click the escalator it will go to Jaydens page.

Level 0 the Lobby - Emily

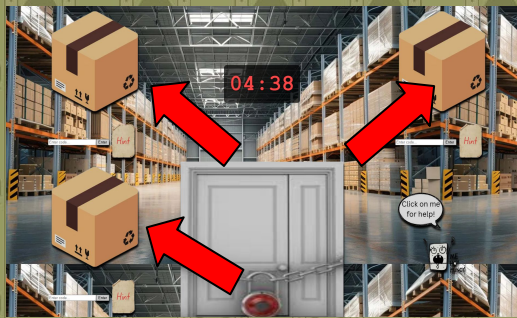

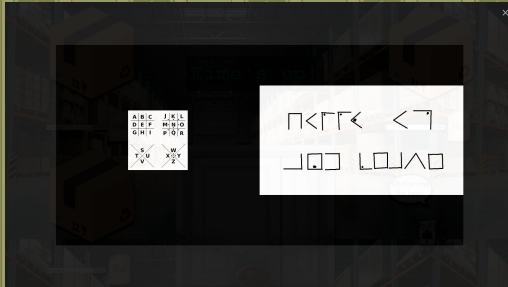

From left to right, eyeballs/lights are 1, 2, and 3. What light flashes tells you what number you input. For example, if light 2 flashes, then enter 2 into keypad. **All the lights flashing quickly at the same time means the code has ended and will restart(pay attention to this!!)**

STEP 1: Click Doodlebob in order to understand the objective of this game/escape room.

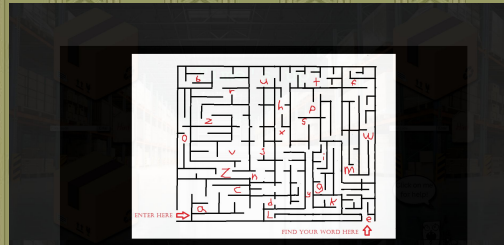

This is the bottom left box which is a pigpen puzzle. On the right, there is a picture of symbols that are separated into 4. This means there are 4 words. These symbols match the picture on the left where you can see letters surrounded into different patterns. The symbols on the right match to symbols on the left which corresponds to each letter. Put them together and enter the word into 'enter' box. You will hear a noise if you get it right or wrong. ANSWER: hurry up and leave

STEP 2: Click on one of the 3 boxes that the arrows are pointing to in order to try out on of the puzzles.

Eddie - Level 20: The Warehouse

This is the top right box which is a maze you must follow through with your eyes in order to figure it out. Start where it says 'Start Here' and find the exit. Whatever letters you pass through from the start to exit is your answer. Put them together and enter the word into 'enter' box. You will hear a noise if you get it right or wrong. ANSWER: die

STEP 3: This is a morse code puzzle on the top left. You must click on the audio logo and there's a chart on the right side to show you what you're hearing translate into. There's a knocking noise in between each letter so once you get all the letters, put them together and enter the word into 'enter' box. You will hear a noise if you get it right or wrong. ANSWER: help me

Once you solve all 3 puzzles within each box, the door becomes unlocked and you're able to click on it in order to leave to the next room.
